

# THREE PRIVATE STAYS IN BOISE'S WEST END

We invite you to stay at one of our three private vacation homes in the heart of Boise, each designed for comfort, privacy and ease.

Every home features a private hot tub, fire pit, barbeque, bicycles, enclosed back yard, full laundry, and free on-street parking. While each space is unique in size and layout, all are fully private and personally maintained by us.

The West End is our favorite Boise neighborhood - just minutes from downtown, the Greenbelt river path, parks, and excellent local coffee shops and restaurants, all walkable or an easy bike ride away.

We have created these spaces with care and intention. We would love to welcome you.

## Janae and Michael Blood

We've been married for 28 years and have called Boise home since 1998, where we raised our family. Janae, an Idaho native, manages our homes full-time, bringing her eye for detail and design. Together, we stay personally involved in caring for each space and creating a thoughtful, comfortable stay for our guests.
